To: Augusta Fields "water" system users

From: Augusta Fields Utilities System officers

Please understand that shortly after installation of the CPW water lines is completed, SCDHEC will require that the Augusta Fields water system cease operation. As of 5:00 PM, 12/31/2011, there will be no public water system other than CPW to provide water to the homes of Augusta Fields. We encourage you to make your change-over to the new system as soon as possible. If you have prepaid your water bill, you will receive a refund for your overpayment.

The only other option available for a water source will be for you to provide a well on your lot for your personal use only. This well would require approval of SCDHEC before drilling could begin.

Respectively,

Augusta Fields HOA/Augusta Fields Utilities Officers

***Please note: Augusta Fields Utility water is due and payable \$15.00 per month until your home has been connected to the CPW water meter.**
